
Best trip of my Life! - seriously

Andrew - Awesome trip. Best overall trip I've ever taken.

I'm the independent frugal type who likes to plan things myself and do what I want to do. This structured of a trip was a huge leap of faith for me. At the end of the trip it was clear to me that your local knowledge & your organization made all the difference.

I'm convinced that had I tried to plan something like this myself, I couldn't have experienced the country as deeply as I did, I would have had at least one lousy meal, I'd have seen a ton more tourists and probably would have had a bag stolen. I'm also pretty sure that doing it myself would have cost me at least as much.

I found the level of activity perfect - intense early, restful the last days. I've got stories to amaze friends with, but I still came home rested.
